There is no power and no strength save in Allah.

I seek refuge in Allah from the cursed devil.

Allah is the greatest, Allah is the greatest. There is no god but Allah Muhammad is Allah's Messenger.

My dear brother Aba al-Ayyubi,

Did the bad news reach you about what happened to four brothers in New York since about ten days and how they were arrested by the police, may Allah curse them, for the accusation of preparing to blow up two synagogues for the Jews over there? I do not have direct knowledge of their operation and but it seems that they are not of us. If they are of us they would have been more cautious and more watchful and more prudent and they would not have trusted one of the infidel spies. My dear, for this reason orders already came to us from the administration of the supreme council and the Sheikh personally, may Allah delay his death, that we be very discreet and we reduce the telephone calls and we reduce our air travel to the extent possible until we comprehend the depth of what happened and evaluate our works and organize our future missions, with the help of Allah and His guidance be He exalted. Allah willing this will not last very long. What is your feeling about what happened in the New York and how does it affect your resolve?

Those brothers, in spite of their good intention did not have patience but rushed into executing their goal without the necessary preparation. This is what we are still warning the brothers about it and we preach to them and we train them that is for the preparation and the patience. This is the documented practice of the Messenger as it was written in the book "al-Adhkar Min Kalam Sayyid al-Abrar" for the author Muhyi-al-Din al-Nawawi as he said: Truly the Messenger of Allah may Allah's blessings and peace be upon Him, in some of his days in which He met the enemy — he waited until the sun declined ... So He said "O you people do not wish to meet the enemy and ask Allah for good health, so if you meet them then be patient, and know that the Paradise is beneath the shadows of the swords." Add to this that those four brothers it seems that they planned for their [UI] in the English language and this allowed the enemy to monitor them easily. I thank Allah that our communications are in Arabic and in putting the messages in the file without sending them over the web network. Also our final preparation will be face to face and in Arabic. This system is in agreement with the practice of the Messenger, Allah's blessings and peace be upon Him, which I mentioned above.

Because of that, O my dear, then we will delay sending the brother Hussein to you somewhat so

that we limit in his travel by plane due to the caution and the prevention but he might talk to you by phone in a normal manner as you agreed upon during the meeting. Beware not to touch on the subject of the jihad over the telephone rather you will have a secret time for that in the meetings, Allah willing. Your presence behind the ranks of the enemy is very important for the cause and it will be useful by the help of Allah and especially in the successive operations. But we must be endowed with the patience and the intelligence in accomplishing our goals and revenging for our Prophet and return of our lands and holies.

My dear, while we wait until the clarification of the matters, I hope that you take advantage of the time for the sake of Allah be He exalted. Inform us as soon as you get the computer which is specially for you and start to use it at once in the search and the preparation for the victory with the help of Allah. I think that the time of the zero hour is approaching quickly and Allah willing in the next meeting with the brother Hussein you can identify easy targets as you mentioned in the previous correspondences that they are many.

I entrust you to His care be He exalted. Pray for the safety of the brothers. I hope the meeting soon.

Your brother in Allah: Rafiq

"And obey Allah and His Apostle and do not quarrel for then you will be weak in hearts and your power will depart, and be patient; surely Allah is with the patient."
